

CANNABIS Index™ Diagnostic

The First Real Diagnostic for Cannabis Brands Entering the Post-Prohibition Era

Commercial Strength: Evaluate revenue, distribution, and product movement.

Aesthetic Maturity: Assess brand visuals, packaging, and identity.

Narrative Depth: Measure story, meaning, and cultural positioning.

Network Presence: Review partnerships and market connections.

Activity Velocity: Analyze engagement and brand activity.

Brand Positioning: Determine differentiation and clarity.

Influence Factor: Evaluate audience connection and authority.

Scalability Potential: Assess long-term growth readiness.

Scoring: 1 (Weak) to 5 (Dominant) per category

32–40 = Strong | 24–31 = Moderate | Below 24 = At Risk

Strategic Insight

Brands without narrative authority default to price competition in a post-prohibition market.
